AUTO LAW OFFENDER PUNISHED BY COURT

MAGISTRATE GEIGER FINES DRIVER OF NUMBERLESS MACHINE

GIRL RAN DOWN

Arrest of Man Resulted From Running Into Girl At Equinox Mill

Responding to the recent appeal of city and county officials to bring an end to reckless driving and all other violations of the automobile ordinances in and near the city, Magistrate Geiger Monday afternoon placed a fine of \$20.00 upon Mr. Omer Floyd, of this city, who together with Mr. L. N. Fuller had been halted before him on a charge of running down a little girl in a narrow street near the Equinox mill. The accident happened Saturday afternoon and the two men in the car were immediately put under arrest by Deputy Hilliard of Equinox mill.

While Magistrate Geiger admitted there was evidence of reckless driving, the court contented itself with putting a fine of \$20.00 upon Mr. Floyd for running a car without a number. Both men were found "guilty," but the court held Mr. Floyd, owner of the car, responsible for the accident, suspending sentence against Mr. Fuller.

Magistrate Geiger is determined to cooperate in every way possible with the authorities in enforcing all laws pertinent to the operation of automobiles, and offenders appearing before him will be given the limit. In discussing the case yesterday Magistrate Geiger asked that attention be called to the following section of the state criminal court of laws of 1912, volume 2:

Section 608.—It Shall Be Unlawful to Operate Vehicle Without Displaying number, etc.—It shall be unlawful for any person to operate a motor vehicle in this state without first having placed upon the back of such vehicle, in a conspicuous place, the name of the county in which his certificate is filed, and also the number of such vehicle which name and number shall be plainly placed or printed thereon, the number in Arabic numerals, black on white ground, of not less than three inches in height and one inch in width, to be of width not less than one-half inch.

It just goes like lightning when this tall, tinkly, "ice-bergy" glass of PEPSI-Cola heaves in sight.

Try it—just see how refreshing and invigorating a drink can be. And don't be selfish—have the grocer deliver a case home so the kiddies can enjoy it, too.
